Truckers Reject New Wage Offer

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — The Teamsters union has rejected the trucking industry's initial offer of a new three-year contract providing nearly $1-an-hour increases in wages and benefits.

In announcing the turndown Thursday night, the union said negotiations would resume today in an effort to come up with an agreement before the current contract expires at midnight Tuesday.

The rejection came as no surprise. Even before the refusal was announced a union source had said "the ultimate settlement will be higher than this" industry offer.

And a Teamsters official said Thursday after releasing news of the rejection, "I'm sure they (union negotiators) are still optimistic of a settlement by next Tuesday."

Earlier in the day Thursday, a Nixon administration source had said chances of a settlement appeared "very good," a sentiment seconded by a Teamsters source, who said "I don't think there's going to be a strike. We haven't taken a strike vote."

Heading off a repeat of the situation three years ago when the Teamsters struck isolated trucking firms and the industry retaliated with a lockout is of major concern to labor-plagued President Nixon.

The administration has just gotten through a major postal strike, is in the center of a slowdown by air traffic controllers and is faced with a possible nationwide rail strike.

An industry source said prior to the Teamsters action that virtually all contract clauses have been wrapped up except the economic package and "money is now taking the center stage" in the trucking talks.

The negotiations had been conducted in an air of almost total secrecy at Teamsters headquarters since the union served its opening demands Jan. 7.

The Thursday rejection was the first public statement and even that did not go into detail on the industry offer.

ing against him, it makes me know that Carswell must be a better man than I thought."

Charles D. Matthews, chairman of the state Democratic party, said he supported Fulbright's position.

He said he believed Carswell was "much less qualified" than Clement F. Haynsworth Jr., whom the Senate rejected last November.

Former Gov. Orval E. Faubus said he was certain many persons would agree with Fulbright's position, but added that he believed the "over-all sentiment would be against his decision."

Since Fulbright will not be up for re-election for another four years it would be difficult to determine the political consequences in Arkansas for Fulbright, Faubus said.

"A lot of things will be forgotten in four years," Faubus said.

Faubus, when asked if he considered Fulbright a "canny politician" said, "I think I'll wait and let history decide that."

Fulbright's stand was "very disappointing" to Odell Pollard of Searcy, state chairman of the Republican party.

"It seems that Sen. Fulbright would rather have a smaller Supreme Court if he can't get the membership on the court that follows the same political philosophy that he has," Pollard said. "It seems to me that the President may have difficulty in getting any appointee to the Supreme Court confirmed.'

Drunks Get Alternative for Jail

LITTLE ROCK (AP) — Persons convicted in Little Rock Municipal Court of habitual drunkenness now have a choice.

Under a program developed by Municipal Judge William R. Butler, anyone convicted of being an alcoholic can choose to participate in a program to cure chronic alcoholism or serve their sentences in jail.

To insure participation in the program, Butler Thursday imposed a suspended sentence of a $500 fine and a year in jail on 13 persons.

The 13 will report to police headquarters daily, where they will be given a drug, commonly known as antabuse. The drug produces vomiting and periods of nausea when mixed with alcohol.

Status of Carswell Is Unclear

WASHINGTON (AP) — Senate maneuvering over the Supreme Court nomination of G. Harrold Carswell has created a tangle of confusing cross-currents, with opposing sides agreeing only that the vote will be close.

Oregon's two Republican senators joined the opposition ranks Thursday and one of them, Mark O. Hatfield, sent a letter to President Nixon urging him to withdraw the nomination of the 50-year-old Tallahassee, Fla., federal judge.

Hatfield said he would vote to send the nomination back to the Senate Judiciary Committee. But his colleague, Robert W. Packwood, said he was "less than enthusiastic" about this move, even though he intends to vote against Carswell's confirmation.

A motion to return the nomination to the Judiciary Committee, which approved it originally by a 13-4 vote, has been proposed by Sen. Birch Bayh, D-Ind., as an indirect way of trying to kill or force the withdrawal of Carswell's appointment.

The vote on the motion is set for April 6. If it fails a direct vote on the nomination itself will follow April 8.

Some senators looked on Bayh's move as an admission of weakness by opponents, an acknowlegement they don't have the votes to defeat Carswell on a straight-out vote as they did Judge Clement F. Haynsworth, Jr., Nixon's first choice for the court post.

But Bayh said the recommittal motion will give the Senate a chance "to express deep reservations of concern about the nominee to the President."

If the Senate approves, he said, it would be saying in effect to Nixon "find us another man on whom most of us can readily agree."

However, Vermont's George D. Aiken, dean of the Senate's Republicans, said "that's ducking the issue." He added he has not decided how to vote on confirmation if the recommittal move fails.

CONTROLLERS

centers on the transfer issue PATCO controllers have complained for years they are overworked, undermanned, underpaid and lack modern equipment.

PATCO suffered a setback Thursday when U.S. District Judge E. Gordon West in Baton Rouge refused to prohibit the transfers of the controllers, saying there is no reason for interfering with the FAA decision.

Earlier Thursday, Bailey told newsmen he had instructed chapters everywhere to obey a federal court injunction against a strike. But he said the government cannot require controllers to work if they are fatigued.

The absentee rate Thursday was not as great as the day before in flight control centers across the nation, leading to an accompanying reduction in cancellations and flight delays.

But in New York, a key arena, Eastern Air Lines canceled its shuttle service linking Washington, D.C. and Boston with New York and Boston Thursday night.

At New York airports, giant jetliners were stalled on the ground in large numbers, and the longest delays were on flights bound for the West, Southwest and Southeast. The tieup caused numerous flight cancellations.

The FAA disagreed sharply with PATCO on the strike's effectiveness. FAA administrator John H. Shaffer said only 17 per cent of controllers reported sick Wednesday and 14 per cent Thursday. He said not a single facility was closed.

MENA, Ark. (AP) — Three persons died Thursday of injuries received in a car-truck collision on U.S. 71 about five miles north of Mena.

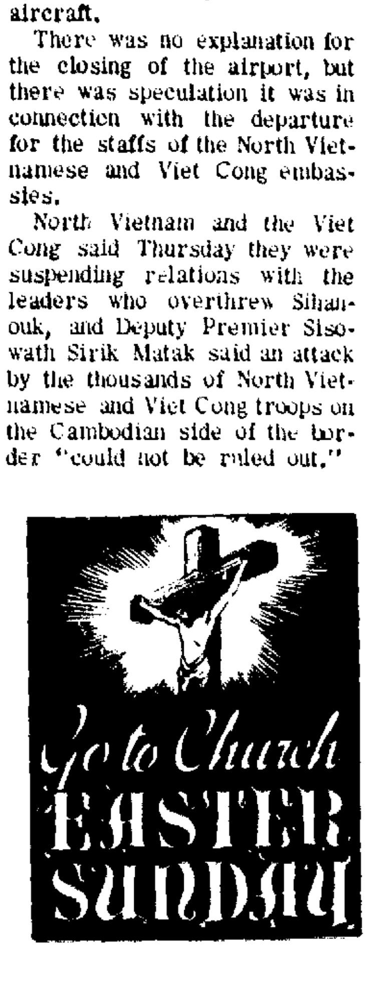
to Phnom Penh. "The demonstration was intended to show that the Cambodian people are against the Government of Salvation, . . . but the maneuver of the Viet Cong failed."

The Government of Salvation is the name the new regime has given itself.

Phnom Penh was under heavy security. All major routes to and from the city were closed by tanks. More troops were stationed at the airport, which was closed indefinitely to civilian aircraft.

There was no explanation for the closing of the airport, but there was speculation it was in connection with the departure for the staffs of the North Vietnamese and Viet Cong embassies.

North Vietnam and the Viet Cong said Thursday they were suspending relations with the leaders who overthrew Sihanouk, and Deputy Premier Sisowath Sirik Matak said an attack by the thousands of North Vietnamese and Viet Cong troops on the Cambodian side of the border "could not be ruled out."



Israeli Down 5 Egyptian Jets at Suez

By MARCUS ELIASON
Associated Press Writer

TEL AVIV (AP) — Israeli pilots reported their second banner day this week today, claiming they shot down five Egyptian MIG21s in dogfights over Port Suez, at the southern end of the Suez Canal.

Egypt admitted the loss of one plane but claimed one Israeli jet exploded in the air and another was hit by Egyptian fighters. Israel denied the claims.

An Egyptian spokesman said an estimated 80 planes—40 from each air force—tangled in the melee, making it the biggest air battle reported since the 1967 war.

An Israeli spokesman said the MIGs were downed by cannon fire and rockets at "medium altitude." He said one plane exploded in flight, another crashed with its pilot, and the other three pilots were seen parachuting.

The Israelis said their planes made another 30-minute raid at noon on the southern sector of the canal.

It was the second major aerial victory reported by Israel in three days and the biggest bag of Egyptian planes claimed by Israel's pilots in more than six months.

On Wednesday, the Israelis claimed they downed four MIG 21s in dogfights over the northern part of the canal. Egypt denied any losses.

Today's report brought to 85 the total number of Egyptian planes the Israelis claim to have shot down since the 1967 Middle East war.

All Israeli planes returned safely today, an Israeli spokesman said. He made the same report after the dogfights Wednesday, when the Egyptians claimed they shot down one plane.

Pounding Egyptian positions along the canal night and day, the Israeli jets crossed the canal at 9 a.m. today to bomb "military targets" at the southern end of the waterway and along the northern coast of the Gulf of Suez, the spokesman said.

Egypt's Soviet-supplied jets challenged the raiders 20 minutes after they began their bomb runs. The air battle lasted five minutes, the spokesman said, and the Israeli pilots continued their bombing attacks afterward.

During the night, Israeli planes bombed and strafed artillery and antiaircraft posts and other military targets in the central and southern sectors of the canal for two hours.

Pryor Is Critical of Nursing Home

WASHINGTON (AP) — Rep. David Pryor, D-Ark., said Thursday that federal regulatory agencies had failed to clarify ambiguous safety standards for nursing homes.

Pryor told the House that actions taken since a Jan. 9 fire that killed 32 patients at a Marietta, Ohio nursing home had been "weak and frail" and emphasized the "deplorable fragmentation of federal control in the industry."

Wedding Vows Are Repeated

— Shipley Studio photo

MRS. HAROLD D. BIAZO

In a candlelight ceremony performed Saturday March 21 at 7:30 p.m. in the Chapel of the Cross on the University of Arkansas campus, Miss Kathlyn Watson, daughter of Dr. and Mrs. Tom B. Watson, became the bride of Harold Dwain Biazo, son of Mr. and Mrs. George Biazo of Springdale. The Rev. Lewis Chesser read the vows from the triangular altar where floor baskets of greens and tall tapers accented the corners.

Dennis Biazo, brother of the groom, and Alan Oates, cousin of the bride lighted the tapers preceding the ceremony. Prenuptial music was played by Mrs. A.N. Oates, organist, who chose "Because" for background music as the bride's cousin Noel Peterson of Midland, Texas, recited "How Do I Love Thee?" Mrs. Oates accompanied her husband, uncle of the bride, as he sang "The Twelfth of Never." Mr. Oates also sang "We'll Walk With God" as the couple knelt at the altar. Traditional wedding marches were used as processional and recessional for the bridal party.

The bride was given in marriage by her father in the double-ring ceremony. She wore her mother's wedding gown of candlelight silk marquisette designed with a high round neckline with ruffles outlining the shoulders and panels of the skirt. Long fitted sleeves terminated in petal points at the wrist and the skirt extended into a chapel train. A four-tiered veil of candlelight illusion was secured by a headpiece of lace-embroidered petals outlined in seed pearls and crystals. She carried a cascade bouquet of daisies and miniature spring blossoms.

Attending the bride as maid of honor was her sister, Miss Tommi Lou Watson, who wore gown and headdress of aqua Cyrano and carried a nosegay of matching tinted daisies. Bridesmaids were Mrs. Craig Brown of Fayetteville, Mrs. Dennis Billis of Springfield, Mo., and Miss Ramona Chatterton of Green Forest, Ark. The maids' gowns and headdresses were of Cyrano in yellow, lavender and pink. They carried matching nosegays of tinted daisies. Angela Hart, niece of the groom, was flower girl. She wore a mint green gown of design similar to the bridesmaids, and carried a basket of daisy petals.

Jerry Don Biazo, brother of the groom, was best man. Mr. Biazo was also attended by Phillip Hathcock and David Alexander of Fayetteville, and Rodney Graham of Springdale.

The bride's mother wore ice blue linen with silver accessories and a glamellia corsage. The groom's mother wore a buttercup yellow suit with white accessories and white glamellia.

A reception was held in Wesley Hall. The serving table was overlaid with a cloth of Irish linen cutwork and centered with the Watson family Bible and the bride's bouquet. Guests were served from a three-tiered cake topped with fresh daisies and tiny spring blossoms. Members of the recepton houseparty were Mrs. Daniel Peterson and Nancy of Midland, Texas; Debbie Watson, Peggy Sanders and Barbie Watson of Hope, and Lexie Oates of Bartlesville, Okla.

After a trip through Oklahoma and Missouri the couple will live in Fayetteville where they are students at the University of Arkansas.

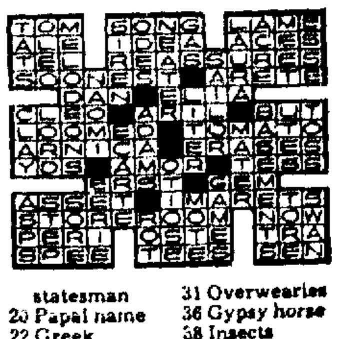
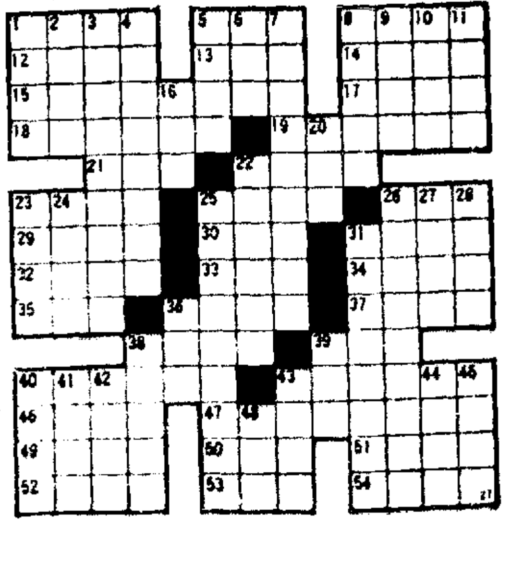
Answer to Previous Puzzle





Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — NBC will launch on Monday a new daytime serial called "Another World—Somerset." This must not be confused with NBC's most popular soap opera, "Another World—Bay City," which until today was just plain "Another World."

It is hard enough to keep the titles of daytime serials straight because none seems to give any clue about content. Now "Another World" is about to divide like a one-cell Paramecium.

"Another World—Somerset" is one type of what television calls a spin-off. This one will relate in various ways to the established serial, including exchanges of characters and, occasionally, interwoven story lines.

This type of program reproduction is hardly new. When "Peyton Place" was at its popularity peak on ABC as a nighttime serial, CBS spun its "As the World Turns" off into a new, prime-time serial simply by having the heroine of the daytime soap opera, Lisa Hughes, go to a distant city to make a new life. The show did not do well, and it was only a matter of weeks before Lisa decided she liked life better in dear old daytime Oakdale.

"Green Acres," when launched several seasons back on CBS, was a sort of double spin-off. Creator Paul Henning had a hit by putting country folk in sophisticated city surroundings— "Beverly Hillbillies"—so he put the very urban family of "Green Acres" into a country setting. He also made them neighbors of his "Petticoat Junction" family, using some supporting characters in both shows and having the principals visiting back and forth.

The device is designed to help the new shows attract audiences. By making "Another World" two serials, NBC obviously hopes the old audience for one show will stick around for the second.

Meanwhile, ABC will introduce on Monday two new soap operas, one of them called "A World Apart"—not to be confused with "As the World Turns," or "Another World."

Experimentation with form will continue with some programs next season. NBC started last season by building "The Name of the Game" around three characters connected by the same publishing empire. This season it put together three different series under one title, "The Bold Ones."

Next season, NBC plans something called "Four-in-One," simply four short serials, one following the other.

Most populous city in the world is Greater Tokyo, capital of Japan, with a population of over 11 million.

DANGER SIGNALS FOR DRUGS

Dear Helen: I didn't think it would ever touch our family, but I understand several of our son's friends are involved with dangerous drugs. We try to talk with him but he clams up. Please, could you list some indications of drug abuse, that parents could watch for? — WORRIED PARENTS

Dear Parents: The San Francisco Police Department Narcotics Bureau has published a Parent's Bulletin which may help. It lists as some of the danger signals:

1. Has your youngster become secretive about his friends and his activities? Does he seem to be mixed up in some private business? Making appointments? Meeting people? Suddenly disappearing? Does he make unlikely excuses for all this? Has he picked up a lot of drug users' terms: Stash, connection, fix, weed, hay, yellow jackets, red devils, reefers, sticks and others?

2. Is he developing bad attitudes? Does he make fun of parents, teachers, police officers? Does he label most people as squares? Does he ridicule the good standards he used to accept?

3. Is he slipping in school?

4. Has he begun to have a drowsy spells during the day? Have there been times when it was much harder to wake him up than usual? Has he seemed knocked out, rather than sleepy? At times jumpy and over-active? Are there "tracks" under his arms?

What do parents do?

If you are uncertain about your boy or girl, don't delay. For your own peace of mind and his sake, seek help at once.

1. Consult your family physician. You can confirm or dispel your suspicions. He can tell you how serious the situation is and give help needed.

2. Others can help also. A priest or minister of your particular religion, especially if he is an individual your child can respect and trust. A teacher or counselor who has a flow of communication with the proper understanding of the problem confronting the child can be most helpful.

3. Consult other referral agencies such as the Department of Public Health.

4. If these fail to bring about desired results, consult the police department. Remember, people there are as much interested as you are in preventing the development and growth of drug abuse.—S.F.P.D.

I might add: Above all don't go paranoid and harangue about the evils of illegal drugs. Try to open communication lines with fair-minded discussions which are mostly listening. Let your child know you're there to help, not to condemn. And keep up with the latest true facts about narcotics, so that he can't catch you in error.

Soon we will start getting feedback from marijuana experiments started several years ago. When scientific facts are available, one side or the other will have a much greater talking point.—H.

Dear Helen: May an adult say something in defense of policemen? My husband is one. John receives less pay than does a man of his rank working a computer, even though he puts his life on the line. He's a policeman because he feels law enforcement is necessary. He's a kind and patient man, on the job and at home.

In civilian life we sometimes have it rough. Maybe if the so-called silent majority would say "Thank you" to every policeman they pass, it would make up for the insults others throw.— JOHN'S WIFE.

DECKED OUT in its natural Easter bonnet, this African crowned crane at Florida's Silver Springs willingly preens before a mirror.

Opening lead—♣A

The young expert was holding forth to a rapt audience. The usual talk by an expert, whether young, middle-aged or old, is about his triumphs. This talk was quite different.

It went, "I have been telling the Student that his idol, the Professor, is too old to hold his own in tough competition any more. One of my points was that the Professor has always played very fast and that, at his age, fast play must lead to mistakes. It did this time, but the mistake it led to was mine.

"The Professor sat East and dropped the jack of clubs on his partner's ace. His partner continued with the six and the Professor played the trey. I cashed dummy's ace and king of spades in order to discard a diamond, ruffed a spade, ruffed a club in dummy and noted the play of the five from West and the rather clumsy false-card of the 10 from the Professor."

"What was clumsy about it?" someone asked.

"Because I knew he still held the nine and it looked as if he hoped I wouldn't be that smart. Then I ran off all my trumps to wind up with the ace-queen of diamonds in dummy. The Professor discarded the 10 of diamonds first and spades from then on and the whole situation appeared clear as crystal.

"The Professor was still expert enough to see the squeeze developing and had tried two standard tactics to fool me. The first was the club falsecard. The second was the quick discard of the diamond 10. I led a diamond and went right up with dummy's ace and dropped the Professor's five-spot.

"The crystal had turned out to be the muddiest kind of mud."

CARD Sense

Q—The bidding has been:

West	North	East	South
			1♣
1♦	Pass	Pass	1♠
Pass	2♠	Pass	Pass
3♦	3♠	Pass	?

You, South, hold:

♠AK98 ♥43 ♦A52 ♣AJ73

What do you do now?

A—Pass. You should be tempted to bid four spades but resist the temptation.

TODAY'S QUESTION

Instead of bidding two spades in response to your one spade, your partner has jumped to three spades. What do you do now?

TAKE TIME TO BE holy TALK OFTEN WITH YOUR GOD

HAVE

FAITH

IN

GOD

The IMMORTAL

and may we sing Hallelujah! For Christ
the Lord is risen. The lilies are in bloom and
men and angels are in jubilation.
Because He lives, we know we too shall live.
The Greeks were wrong
Man is not mortal, but rather immortal.
For God hath set eternity in the heart of man.
This Easter, we share the immortality of
Jesus Christ. His journey to Golgotha
transfigured the cross forever, turning that
symbol of suffering into a
symbol of triumphant life.
Then let us live like women and men who
expect to go on and on forever
... world without end. This is indeed
our true Christian hope. This is what
Easter means to us today.

No Time for [illegible] in Spa Handicap

By HARRY KING
Associated Press Writer

HOT SPRINGS, Ark. (AP)— Jockeys Larry Snyder and [illegible] Ray probably won't be on speaking terms during Saturday's $60,000 Oaklawn Handicap.

Snyder and Ray conversed through the stretch last week as they brought Charlie Jr. and Miracle Hill, a T. A. and J. E. Grissom entry, home 1-2 in the $15,000 Razorback Handicap.

"I know Saturday's race is going to be tougher than last Saturday's," said Dewey Smith, trainer for the Grissoms. "But, both of the horses earned a shot. Both are training good and both are running good."

Charlie Jr. and Miracle Hill beat several highly regarded performers last week, but Etony and Vif were conspicuously absent from the field.

Etony, owned by Sam Gray and G. D. Schmideskamp of Little Rock, surprised a classy field in the $75,000 Louisiana Handicap two weeks ago and has not been out since.

"He's probably the horse to beat," Smith said. "He's a real nice horse. He ran a big race in New Orleans, a real big race."

Etony has been assigned top weight of 120 pounds and Vif has been asked to carry 119 pounds. Vif was second to Etony in the Louisiana Handicap.

Miracle Hill was fifth in the same race, but Smith said the six-year-old did not like the footing.

"There are several horses in this race that can win it," Smith said. "If the owners didn't think they could win, they wouldn't put them in there."

One of the horses Smith fears is stretch-running King of the Castle, seventh in last week's Razorback Handicap.

"I don't think King of the Castle ran his race last week," Smith said.

King of the Castle's chances may depend on how far he is off the pace.

"I don't think he'll get there if he lets these horses steal off from him," Smith said. "I don't believe he can come from way back against some of these horses."

Smith put Charlie Jr. in last week's race to set the early pace.

"He got out there and kept going," Smith said. "He's an improving horse and that's all. He's a little horse that's good right now. Snyder rode a remarkable race on the horse, rated him perfectly.

"I'm going to give the boys the same orders this week," Smith said. Needless, to say, he's hoping for the same results.

Baker Wants Wins, Not Records

HAMPTON, Ga. (AP)— Buddy Baker, the fastest man ever in a stock racing car, is ready to forget speed titles and begin winning a few races.

"You can set all the speed records you want, but there's nothing that lifts your spirits—or helps your pocketbook—like rolling into victory circle after a big race," said the 6-foot-3 stock driver Thursday.

Baker and two other drivers, Cale Yarborough and Charlie Glotzbach, had just broken Baker's old Atlanta International Raceway lap record in qualifying for Sunday's weather-delayed 500 mile race. A dozen other drivers also made the 40-car field.

Yarborough's 159.929 miles per hour for the 1½-mile oval was the best. He will start his 1969 Mercury from the pole position.

Glotzbach and Baker, both driving winged Dodge Chargers, posted 159.808 and 159.641 m.p.h. respectively. Baker set the old lap mark of 158.730 last August.

Prospects for Derby Run Saturday

By ED SCHUYLER JR.
Associated Press Sports Writer

Top 3-year-olds such as My Dad George and Terlago will be seeking to enhance their reputations Saturday while Arts and Letters will be trying to protect the one he has already earned.

Raymond M. Curtis' My Dad George heads a probable field of 10 Kentucky Derby-aged horses for the Florida Derby at Gulfstream Park, and Mr. and Mrs. Samuel J. Agnew's Terlago leads a field of 11 entered for the Santa Anita Derby. Each race is a 1⅛ miles and worth $100,000-added.

Rokeby Stable's 4-year-old Arts and Letters, the 1969 Horse of the Year, will make his 1970 debut in the one-mile, $50,000-added Westchester Stakes at Aqueduct.

My Dad George, the winner of the Flamingo, figures to get tough competition from Fence Post Farm's Corn off the Cob, second in the Flamingo and victor in the Foutain of Youth, and Her-Jack Stable's Naskra, Everglades winner and second in the Fountain of Youth. The three are eligible for the Kentucky Derby and each will carry 122 pounds.

Terlago, a winner of a division of the San Felipe Handicap, is a Kentucky Derby eligible as are other Santa Anita Derby starters Alan Maggerman's George Lewis, Cragwood Stable's Protanto, Rex C. Ellsworth's Plenty Old and Mr. and Mrs. John C. Mabee's Cool Hand.

George Lewis, who won the Hibiscus in Florida, was second to Terlago in the San Felipe, Protanto won the Remsen in 1969 but has been out of the money in four tries this year, Plenty Old won the San Jacinto, and Cool Hand edged Plenty Old in a division of the San Felipe.

Arts and Letters is highweighted at 130 pounds for the Westchester and is expected to be opposed by such as William T. Pascoe III's Gaelic Dancer, 114; Calumet Farm's Best Turn, 112; Hobeau Farm's Never Bow, 120, and William Haggin Perry's Dewan, 119.

Another $50,000-added event on Saturday's national card is the 1-1-16-mile Oaklawn Handicap at Oaklawn Park. Etony, winner of the recent $75,000 Louisiana Handicap, has been assigned top weight of 120 pounds. Vif and Might have been assigned 119. Miracle Hill, 115, also is expected to go.

Still another race for 3-year-olds is the $25,000-added Pimlico Stakes at six furlongs. Wheatley Stable's Irish Castle, 119, winner of the Hopeful as a 2-year-old and a Kentucky Derby nominee, is the early favorite among nine entered.

Opening Bid, winner of six straight, leads a field of eight 3-year-old fillies for the one-mile, $25,000-added California Oaks at Golden Gate Fields; Doc's T.V. is one of the early favorites for the 1-3-16 mile, $20,000-added Spring Fiesta Cup on closing day at the New Orleans Fair Grounds and Russell's Rullah tops a field of seven for the $6,500 Eastern Handicap over a mile and 70 yards at Narragansett Park.

1.9 Million to Maravich for 5 Years

By ED SHEARER
Associated Press Sports Writer

ATLANTA (AP) — Pistol Pete Maravich, the brilliant basketball magician who says he's "always going to be out to entertain," has signed a five-year contract with the Atlanta Hawks of the National Basketball Association calling for a reported $1.9 million.

Maravich, major college basketball's all-time scoring king with 3,667 points in his three-year career at Louisiana State University, quickly came to terms with the Hawks who chose him in the NBA draft Monday.

"I wanted to play somewhere in the South," said Maravich, who turned down a reported $2 million offer from the Carolina Cougars of the American Basketball Association to play in the older NBA.

Terms of the contract were not disclosed except that it was for five years. Reliable sources placed the amount at $1.9 million, the most ever payed a college athlete turning professional.

"I'm very pleased," said Maravich, a three-time All-American whose trademark became his floppy hair and sagging socks.

LSU Coach Press Maravich, Pete's father, sat beside his son as Lester E. Zittrain, one of two Pennsylvania attorneys who handled all negotiations for the 1970 College Player of the Year, announced that Maravich had signed.

However, no one wanted to discuss the contract terms.

"Let's just say it's a contract that is fair . . . one that very handsomely compensates the greatest basketball player in the world," said Zittrain.

"He's going to have to be awfully good not to be the highest paid substitute in the game," said Thomas G. Cousins, the co-owner of the Hawks who personally negotiated the Maravich contract.

"However, I have no concern that he will fit in with the team like a charm," Cousins said.

The Hawks are hopeful Maravich will continue to lure sellout crowds. His father said he played before 820,000 persons during his four years at LSU.

Maravich, his saucer-sized brown eyes gleaming, often tells interviewers, "Maybe I'm a little kookie, but I'm always going to be out to entertain. There's nothing that says you can't win and be entertaining."

Maravich thrilled Dixie crowds more with his behind-the-back passes and between-the-leg fancy dribbling than with his prolific scoring. He averaged 44.2 points in 83 games for the LSU varsity and had a single game high of 69 points earlier this year against Alabama.

Maravich became the sixth first-round draft choice signed by the NBA since Monday's draft. The others are Dave Cowens of Florida State with the Boston Celtics, Al Henry of Wisconsin with the Philadelphia 76ers, Bob Lanier of St. Bonaventure with the Detroit Pistons, Rudy Tomjanovich of Michigan with San Diego and George Johnson of Stephen F. Austin with Baltimore.

The ABA has signed five of its No. 1 selections— Rick Mount of Purdue by Indiana, Dan Issel of Kentucky by Kentucky, Mike Maloy of Davidson by Pittsburgh, Charlie Scott of North Carolina by Washington and Bobby Croft of Tennessee, drafted first by Dallas but signed by Kentucky. All but Croft were signed before the NBA draft.

Milwaukee Selling 1970 Tickets

MILWAUKEE, Wis. (AP) — Two box seat tickets to a Milwaukee Brewers baseball game are being given away to anyone who buys a color television set at a local store.

Ground crews, delayed by an early spring snow storm that dumped four inches on the ground here, are expected to be back in action Saturday preparing County Stadium for opening day.

Letters to season ticket holders are reported to be ready for mailing.

Yet, there are no outward signs today that Milwaukee, a city that has been without its own major league baseball team for five years, is in a frantic rush to get things done.

"Everything is all ready to go, just waiting on a team," said a source close to the Brewers who asked to remain unidentified.

The search for a team might be over. The next round in the Brewers' battle to buy and transfer the Seattle Pilots to Milwaukee takes place Monday.

AFL Statistics

NEW YORK (AP) — Jim Turner of the New York Jets is the official scoring champion of the American Football League for the second straight year.

League statistics, released today, showed Turner won the 1969 title with 129 points on 33 extra points out of 33 attempts and 32 of 47 field goal tries. His field goals and field-goal attempts led the league.

Jan Stenerud of Kansas City was second with 119 points, George Blanda third with 105 and rookie Roy Gerela of Houston fourth with 86 points. All are kickers.

Pilots Shade Cleveland by 2 to 1

By DICK COUCH
Associated Press Sports Writer

While Seattle's flak-riddled baseball flagship tries to avert a crash landing in Milwaukee, a couple of young Pilots are earning their wings on the ground.

The Pilots, apparently headed for a franchise shift to Milwaukee before their April 7 season opener, shaded the Cleveland Indians 2-1 Thursday in exhibition play behind the three-hit pitching of Marty Pattin and John Gelnar.

Pattin worked seven strong innings and Gelnar blanked the Indians the rest of the way at Tempe, Ariz., as the Pilots brought their spring record to 6-10.

At nearby Phoenix, meanwhile, Commissioner Bowie Kuhn conceded that Seattle's chances of keeping the franchise appear dim, despite temporary restraining orders, obtained by the city and state of Washington, against movement of the team.

The American League is expected to approve transfer and sale of the year-old expansion club for $10.8 million within the next week.

Mike Hegan's run-scoring single in the seventh inning broke a 1-1 tie and carried the Pilots past Cleveland in one of only five games played Thursday.

The Chicago Cubs blasted Oakland 9-2 at Scottsdale, Ariz.; California downed San Diego 6-3 at Palm Springs, Calif.; San Francisco beat the Nagoya Chunichi Dragons 5-0 in Japan and Baltimore shipped Washington 8-2 at Miami, Fla. Seven other Florida games were washed out because of rain or wet grounds.

Ron Santo drove in three runs with a single and his third spring homer and Johnny Callison drilled a two-run triple, leading the Cubs' assault on Oakland ace John "Blue Moon" Odom.

The Angels ended San Diego's winning streak at five games behind a 10-hit spree. Bill Voss led the way, poking a double and two singles for a .400 exhibition average.

Frank Reberger and Rich Robertson combined for a three-hit shutout in the Giants' victory, which gave them a 3-4 record on their Japanese tour.

The Orioles rocked Dick Bosman for nine hits and all their runs in the second and third innings, then breezed behind the full-route pitching of Mike Cuellar. Cuellar, first Baltimore hurler to go nine innings, scattered eight hits and socked a two-run double.

Rigney Is Confident of His Twins

ORLAND, Fla. (AP) — When the Minnesota Twins fired Billy Martin last fall after he won the divisional title, they said he failed to communicate with the owner, Calvin Griffith. Billy Rigney, the new manager, will have no such problem.

"Mr. Griffith is the president of the club," said Rigney. "He has the right to know what is going on. This club has no general manager so he acts in both capacities. He is going to decide if we trade somebody or what we need. No, I don't expect him to come in the clubhouse. So far, he hasn't said one word."

Rigney signed to manage the Twins Oct, 28 about five months after he was let out as manager of the California Angels who finished third, 26 games behind the Twins in the American League West.

"There were only a couple of places I was interested in going," said Rigney. "Obviously, this was one. It was too good a club not to take. I wanted to go where I had a chance to win if I was going to go back on the field.

"I anticipate no problems. This club found the way to win last year. I know I will hear about Billy Martin. I knew it had to come up. The fellow won a pennant. I'm just playing my game. I don't anticipate any trouble."

Rigney believes he has reason to be optimistic about the condition of Jim Kaat who dipped down to 14-13 last season. An operation for removal of calcium deposits in the left-hander's left thigh has helped him recover the zing on his fast ball. Luis Tiant, who came from Cleveland with Stan Williams in a deal for Dean Chance, Ted Uhlaender, Graig Nettles and Bob Miller, has run into some rough weather but is throwing hard, according to Rigney.

Jim Perry and Dave Boswell, the fellow who was flattened by manager Martin in a brawl outside a Detroit gin mill last summer, are the other starters. Boswell's spring progress has been slowed down by swollen ankles. Tom Hall or Dick Woodson will handle the fifth starting job and do some long relief. Ron Perranoski and ex-Indian Williams will be the bullpen men.

The lineup is set, expect for left field where Jim Holt, who hit .336 with power at Denver, appears to be the leading candidate, backed by the veteran Bob Allison and Charlie Manual.

Cesar Tovar, a handyman for years, has settled down to a regular job in center field although he still does an occasional turn in the infield. Tony Oliva, the two-time batting champ, will be in right field.

Harmon Killebrew's chronic knee problems have kept him out of several spring games. The Killer, who was the most valuable player in the league in 1969 when he led the league with 49 homers and 140 runs batted in, will play third base. Killebrew has been used at first in some games to lighten the load on his knees.

Rich Reese is the regular first baseman. Rod Carew, 1969 batting champ, is at second, and Leo Cardenas, the ex-Cincinnati Red who brought the Twins' infield together last summer, will be the shortstop. Rick Renick will be one of the utility men.

The No. 1 catcher is George Mitterwald who hit .257 as a rookie. Paul Rattliff, who is a left-handed hitter, has the edge on the second job in competition with Tom Tischinski and 20-year-old Rick Dempsey.

Once again the Twins will boom the long ball and probably lead the league in hitting. The defense still is not first class, and the pitching depends on a strong comeback by both Kaat and Tiant, the former 21-game winner who won only nine for the Indians last summer.

Black Golfer Ranks 2nd in Airlines

By HUBERT MIZELL
Associated Press Sports Writer

MIAMI (AP) — George Johnson is one black athlete who isn't militant, angry or unhappy.

"I ain't mad at anybody," said the 31-year-old pro golfer. "We had a tournament in Hattiesburg, Miss., last year and even the folks there rolled out the red carpet for me."

Johnson blistered the Country Club of Miami course for a six-under par 66 Thursday and came up second best in the opening round of the $200,000 National Airlines Open.

Unknown Bob Menne smashed the course record by two strokes with an eight-under par 64 early in the rain-smothered day, but Johnson and tour veteran R. H. Sikes pulled close with 66's later.

"I've won about $600 this year," smiled Johnson. "I'm destined for some money."

Johnson was a rookie touring pro last year and bagged a scant $2,500, leaving him about $9,000 in the red.

"My brother, Charlie, is bankrolling me now," said George, "and he told me to just play and not worry about the money. I made just $600, so I gotta worry just a little bit."

Charlie Johnson is a 270-pound pro football tackle who was traded to the Baltimore Colts last season after three years with the San Francisco 49ers.

Oddly, Johnson credits a book loaned to him by—you guessed it, Bob Menne—for helping with his frame of mind on the day he fired his lowest round as a tour player.

"The book is called "Psycho-cybernetics' and it helps you think straight," said Johnson. "Menne loaned it to me two weeks ago at Pensacola and it's helped. I think I'll go back to the motel tonight and read the last chapter. Maybe I can shoot 64 tomorrow."

Knicks 1 Up in Eastern Playoff

By KEN RAPPOPORT
Associated Press Sports Writer

NEW YORK (AP) — The New York Knicks and Baltimore Bullets, sky-high for the playoff pressure cooker, prompted a flood of superlatives from Walt Frazier.

"It was one of the guttiest games I've ever been in . . . it was . . . well, it was a heck of a game," the Knicks' blue chip guard said Thursday night after New York trimmed Baltimore 120-117 in a double overtime National Basketball Association playoff game.

The victory gave the Knicks a 1-0 advantage in the best-of-7 Eastern Division semifinal series which resumes tonight in Baltimore. Milwaukee, which holds a 1-0 edge on Philadelphia, plays the 76ers in Madison, Wis., in another Eastern semifinal contest.

Frazier said he felt sluggish during regulation time, but made two steals from Earl "The Pearl" Monroe in the overtime sessions to key the victory.

Frazier's steals appeared to fit into the scheme of the contest that had more turns than a Hollywood script.

Consider:

—Monroe, who had a game-high 39 points, missed a jumper in the final seconds of regulation time.

—Frazier knocked the ball from Monroe's hands to Dick Barnett, who raced the length of the court and missed the winning bucket at the end of the first overtime.

—Willis Reed, who missed two clutch shots and a free throw in the first extra period, turned from goat to hero with the winning basket with 33 seconds left in the second overtime.

Monroe's extraordinary jump shooting and the vibrant play of ice-cool rookie Fred Carter kept the Bullets eye-to-eye with the Knicks throughout. Carter wound up with 21 points and was a defensive marvel.

Sheik of Bagdad Is Pick Today

HOT SPRINGS, Ark. (AP)— Mrs. H. B. Noonan's Sheik of Bagdad has apparently decided to pass up Saturday's $50,000 Oaklawn Handicap in favor of today's $10,000 feature race at Oaklawn Park.

The classy sprinter heads a field of six older horses entered in today's six-furlong event.

Mrs. Noonan had earlier nominated the Sheik for Saturday's race.

Douglas Richard will ride the Sheik today. The Sheik and O. Pappa are topweighted at 122 pounds each.

Rounding out the field are Natty Type (118), Maquinarias (118), Kind R. Reception (118) and Mito Hasty (110).

Danny Whited guided Gomer Evans' Legal Advise to a 1-2 length victory over Hallelujah in Thursday's $8,500 feature race.

Legal Advise covered the one mile and 70 yards in 1:42 4-5 and returned $18.40, $7.00 and $4.20. Hallelujah paid $3.80 and $3.20. Colorado Coed, the show horse, paid $4.00.

The lack of Daily Racing Forms, the horseplayer's bible, put a majority of Thursday's crowd in a quandry. One favorite, Foxy Princess in the first, won during the nine-race card.

The Racing Forms, which are flown to Arkansas from Chicago, were snowed in.

Foxy Princess combined with Mr. Leonard, winner of the second race, for a $73.20 daily double.

Tell It Like It Is

Publisher Edward H. Harte of the Corpus Christi Caller-Times says the job of the newspaper is to "tell it like it is." But because the public doesn't like what is, the next step is to say "it isn't so."

He told a Texas Tech audience that the public then charges that "the news is not in balance. The newspaper is not factual. But that would not be true. We don't like the tempo and trend of our times. For the first time in a long time we are having to tell our children that things are not going to be as good for them as they are for us."

Newspapers are targets of critics from both sides of the generation gap. Young activists complain because problems are not emphasized enough. Older exponents of the status quo are vocal critics of the news about ghettos, crimes, pollution or other ghings they would like to ignore.

Why don't you publish good news? That is a question which often faces newspapermen. Newspapers, in fact, print more good news than bad. But those who hope problems will go away if ignored are kidding themselves.

A newspaper which tries to please everyone seldom satisfies anyone.

The public should be reminded often that the basic function of a newspaper is to "tell it like it is," as publisher Harte said. And that function should not be perverted.—Dallas (Texas) Morning News

Oral Beautification

In a letter reflecting a high degree of literacy as well as scientific competence, Dr. John Greenwood, a New York dentist, in 1798 advised George Washington on how to guard his false teeth against stains from a favorite beverage. "Port Wine, being sour, takes off all polish and all acid has a tendency to soften every kind of teeth and bone," he wrote in a letter now displayed at the Northwestern University dental school. "Acid is used in coloring every kind of ivory, therefore it is very pernicious to the teeth. . ."

General Washington's dentures were carved from hippopotamus ivory. "I advise you either to take them out after dinner and put them in clean water and put in another set, or clean them with a brush and some chalk scraped fine," wrote Dr. Greenwood.

Today the Father of His Country would not need to rely on professional counsel and the United States mails. He would learn all about dental cosmetics from the television commercials. (Also, he would be instructed on cures for acid indigestion, backache, nervous tension, and irregularity). He would expect the Greenwoodian intelligence to be packaged about like this: It's easier to take the hippos from the kisser than it is to scrub the grape from those u-p-p-pers!—Norfolk (Va.)

Nuclear Blast Rips West

PAHUTE MESA, Ariz. (AP) — Shock waves were felt as far as Utah and California from an underground detonation of a nuclear weapon described as one of the most powerful ever set off in the United States.

Newsmen watching via television from a bunker 34 miles away felt a heavy vibration which lasted 12 seconds and saw a huge cloud of dust rise in the clear sky as the blast went off Thursday.

The experimental device, believed related to development of an antiballistic missile warhead, was detonated 4,000 feet under this 7,000-foot mesa.

Vickers Case Nears End at Texarkana

TEXARKANA, Ark. (AP) — Final arguments were scheduled today in the trial of five persons charged in the alleged abduction of Karen Vickers, 15, of nearby Rondo.

Emmett Vickers, the alleged victim's father, was called to the witness stand Thursday afternoon and denied that he had planned the kidnaping of his daughter.

Johnny Tasby, 21, of Lafayette County, Ark., one of the defendants, testified earlier Thursday that he had taken part in the abduction and that it was planned by Vickers.

Vickers was asked if Tasby's statement was true.

"Heavens no," said Vickers. "I've had no contact with Johnny Tasby. That's the truth, the whole truth, and nothing but the truth, so help me God."

Tasby said Vickers had outlined the plans for kidnaping Karen Vickers and offered him $5,000 to handle the job. Tasby said Vickers told him what day and what time the kidnaping was to take place. He also said Vickers told him he did not want his daughter harmed and to get some men he could trust.

Tasby testified that Vickers told him to demand not less than $30,000 ransom. Tasby said he kept quiet about the story because he feared for his life. He also testified that he had known Vickers personally since last October.

Miss Vickers, who is white, was taken from her home Jan. 8 and released unharmed about 24 hours later. No ransom was paid, although $40,000 had been demanded.

Besides Tasby, the defendants are Paul Lawrence Bryant, 21, Joe Willie Feggett, 24, and Booker Burkhalter, 24, all of Dallas, Tex., and Hugh Smith, 24 of Texarkana, Tex. All are Negroes.

Showers for Tonight and Saturday

Today's fair skies will give way to showers tonight and Saturday.

The rain is expected to spread over the state tonight from the west, ending on Saturday.

There will be a brief lull, until another rainy period is predicted to move into the state by the U.S. Weather Bureau late Sunday and ending again on Monday.

The highs Thursday ranged from 48 at Harrison to 58 at Fort Smith, Texarkana and El Dorado.

Overnight lows were 25 at Fayetteville; 27 at Harrison; 31 at Jonesboro; 34 at Pine Bluff; 38 at Texarkana; 31 at El Dorado; 31 at Memphis; 32 at Little Rock and 32 at Fort Smith.

U.S. Second Only to Norway as Safest Place to Drive Car

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The United States is one of the safest of civilized countries in which to drive an automobile. It has an annual mortality rate of 54.4 per 100,000 registered motor cars compared with 67.9 for France, 80.2 for Italy, 85.4 for Japan and 126 for West Germany. Norway has the lowest—53.4.

Whenever a new President moves into the White House, a baseball kept in the Hall of Fame at Cooperstown, N.Y., is taken to the nation's capital so his autograph can be added. The baseball is now regarded as priceless.

If you want your horoscope checked, your best bet is France. That country has 30,000 astrologers. If you want your psyche checked, come to New York City. Nearly 40 per cent of U.S. psychiatrists practice here.

Our people, whose unofficial motto once was, "take a chance," are getting more cautious. Well, anyway, more than 63.4 million Americans are now covered by some form of disability insurance.

All it would take to wipe out the U.S. national debt would be for every man, woman and child to sit down and write a check for $2,000 to Uncle Sam. The only trouble with carrying out this simple solution is—most of the checks would bounce.

Looking ahead: A British medical journal estimates that if promising new drugs can be developed to slow the aging process, within the next decade 10 to 15 more productive years can be added to man's life span. One problem: at present two out of three elderly people suffer from chronic disease.

Lady, do you have bags under your eyes? Here's an old remedy: grate a large raw potato, put the grated material in the folds of a handkerchief. Then lie down for half an hour while holding the potato-and-linen sandwich to your eyes. When you rise they should sparkle like those of Sophia Loren.

Algerian Visit May Mean Soviet Bid for Mediterranean Base

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — A visit to Algeria by the Soviet Union's top admiral has raised the possibility the Russians are negotiating for use of a major base in the western Mediterranean.

Admiral S. F. G. Gorshkov's appearance in Algiers follows statements by U.S. admirals in Congress that the Russians appear to be seeking additional Mediterranean ports.

The Soviet navy, which currently has one of its largest forces ever in the Mediterranean, already has access to port facilities in Egypt and Syria. Like these two nations, Algeria considers itself a friend of the Soviet Union.

Use of the Mers-el-Kebir port near Oran would free the Soviet navy from reliance on at sea resupply and give them a refit and maintainence base in the western Mediterranean, similar to facilities available to them in the eastern area of the sea.

The Pentagon reported Thursday the Russian fleet in the Mediterranean increased over the past week by about 30 per cent.

About 60 surface warships, submarines and support vessels are now in the Mediterranean—the largest number in about seven months, officials said.

They read no special meaning into the development, discounting the likelihood it is connected with the current high tensions in the Israeli-Egyptian crisis.

The Soviets, once only a small presence in the vital Mediterranean, have just about matched the size of the U.S. 6th Fleet there.

About half the Soviet warships mount surface-to-surface or antiaircraft guided missiles, the Pentagon said.

For the first time, the Soviet have sent both of their helicopter carriers, the Moskva and the Leningrad, into the Mediterranean. These are regarded basically as antisubmarine vessels.

The Moskva, Russia's first carrier, is cruising in the central Mediterranean and the Leningrad in the area near Greece.

The Pentagon also reported four of the vessels were flying the flags of Soviet admirals, an unusual number of senior Russian officers in that region. The Pentagon said "We have no explanations to offer for their presence."

Kidnaper-Fugitives Retaken

LEXINGTON, Ky. (AP) — Three prisoners who seized two churchwomen and fled from jail in Cleveland, Ohio, were recaptured after a 300-mile auto chase and were being held here on charges of violating the federal kidnaping law.

The prisoners were identified by Cleveland authorities as Thomas Eugene Thomas, 20, from Alabama, James Wayne Sykes, 25, of Mississippi, and David Nelson Carpenter, 19, of Cleveland.

They finally were stopped Thursday by Kentucky state police and FBI agents at a roadblock on Interstate 75 north of Georgetown and surrendered without a struggle.

The two hostages, Norena Bellaria, 62, of Parma, Ohio, and Louise Honour, 70, Fairview, Ohio were released unharmed.

The women were seized as they were conducting a service Thursday at Cuyahoga County jail chapel. The escapees were attending the service with about 20 other prisoners when they grabbed the women, held knives on them and demanded a getaway car.

Sheriff Ralph Kreiger provided a squad car from which a shotgun had been removed. But the men took a different squad car, one containing a shotgun.

Federal, state and local authorities kept pace in 30 cars and two helicopters but held off arrest attempts for fear of harm to the hostages.

Controllers Call National Air Strike

WASHINGTON (AP) — An air traffic controllers organization has issued a call for a nationwide walkout of its members, which if carried out could tieup airline flights during the Easter weekend rush.

"The issue is no longer fatigue by traffic controllers but safety," attorney F. Lee Bailey, executive director of PATCO, the Professional Air Traffic Controllers Organization, said Thursday night.

He called for "everyone to walk out of every Federal Aviation Administration facility" until the FAA rescinds an order transferring three traffic controllers from Baton Rouge, La.

Responding to Bailey's statement, a spokesman for the Air Transport Association, representing the airline industry, said the FAA has had in effect since Tuesday special procedures "to ensure the continued safe and orderly flow of air traffic."

The industry's nationwide communications system is used to provide airline operating centers with latest information on routings, delays and air traffic capacity, the spokesman said.

A spokesman for PATCO said the call applied to approximately 8,500 controllers nationwide. The controllers are the men who serve as traffic cops in airline travel.

PATCO claims to represent half the nation's 14,000 controllers.

The FAA declined comment on Bailey's call, issued on the heels of a two-day slowdown and sick-call action by air controllers. Despite the controllers' demonstration, travel Thursday was slow, but possible.

Bailey said the FAA "now proposes to use rusty old men who are completely out of touch with current requirements." In view of the agency's attitude, he said, "I don't want to even talk to them."

He suggested the only way to get dissident controllers and the government together would be through a middle man—and he said the Labor Department would fill the requirement.

The FAA had no immediate comment on Bailey's statement.

Bailey also said the present slowdown is not caused by a rivalry among competing organizations.

The statement referred to FAA and Transportation Department assertions that competition by rival organizations is a major cause of the absenteeism which has slowed air traffic at major airports.

Reach Basis to Settle Postal Pay

WASHINGTON (AP) — Union and government negotiators said today they have reached a basis for settling the pay dispute that led to a widespread postal strike last week.

With President Nixon spending the Easter weekend at Key Biscayne Fla., Congress adjourned until Tuesday and the country's postal clerks and carriers back on the job, negotiators appeared driving toward a settlement after two days of talks. They were to resume discussions this afternoon.

Spokesmen for both sides characterized the talks as "serious" and "business-like" and, following a Thursday night session that broke up after 1 a.m. EST today, issued a statement saying they had "reached a basis for negotiation."

Exactly what that meant, however, was not disclosed by the negotiating teams headed by Postmaster General Winton M. Blount and the AFL-CIO's James Gildea.

On Capitol Hill, meantime, a joint House-Senate Post Office conference committee that met to work out a postal pay bill broke up its session amidst charges by the leader of the House contingent, Rep. Thaddeus J. Dulski, D-N.Y., that the senators were simply marking time, waiting for the Blount-Gildea talks to bear fruit.

"Any action we might take could only warp or louse up the bargaining downtown," Chairman Gale W. McGee of the Senate Post Office panel said.

McGee and Dulski agreed to delay further sessions subject to the call of both chairmen.

Any pay hike for the postmen will eventually have to be approved by Congress and signed by the President.

On another front Thursday the Pentagon reported about 10,000 reservists and National Guardsmen remain on active duty in New York although there were no plans to use them unless another strike flares up.

Training Programs for Prisons

LITTLE ROCK (AP) — Several persons, including state Sen. Oscar Alagood of Little Rock, filed a petition Thursday in Pulaski Circuit Court to form a nonprofit corporation that would help establish industry training programs at the state prisons.

The corporation will be called Operation Useful Training, Inc., and Alagood said the group would not act without the permission of the state Board of Correction.

Grand Jury to Make Independent Inquiry in the Kennedy Case

By CORNELIUS F. HURLEY
Associated Press Writer

EDGARTOWN, Mass. (AP) — The Dukes County grand jury will make an independent inquiry into Sen. Edward M. Kennedy's auto accident which took the life of Mary Jo Kopechne last summer on Chappaquiddick Island.

The grand jury will go into session April 6.

The session is being called at the request of Leslie H. Leland, foreman of the grand jury and a druggist in Vineyard Haven.

Convening of the jurors became official Thursday when Chief Justice G. Joseph Tauro of the Massachusetts Supreme Court announced he would assign a Superior Court judge to open the session.

Leland's request for the special session had been forwarded to the chief justice by Dist. Atty. Edmund Dinis of New Bedford.

It was Dinis who called for the inquest into Miss Kopechne's death which was conducted in Edgartown in January. That four day hearing was held in secret on order of the state Supreme Judicial Court, which also ordered the transcript of the testimony and the report of presiding Dist. Court Judge James A. Boyle to be kept secret until all possibility of any further prosecution in connection with the case is ended.

Leland said he asked for the special session to look into the Kennedy accident "because I feel that I have duties and responsibilities as the foreman of this grand jury and I intend to exercise them."

Leland said he had talked with Dinis and asked him to act as legal counsel to the jury in its inquiry.

Under Massachusetts law grand juries have broad powers while in session, and can call any witnesses members want to hear.

Leland said he expected the grand jury first to issue subpoenas for the transcript and the report of Judge Boyle, which are impounded in the Suffolk Superior Court in Boston.

Leland said it was uncertain whether Sen. Kennedy and 25 or so other witnesses who appeared at the inquest would be recalled to the island to appear before the grand jury.

That would depend on whether the transcript and judge's report were made available to the grand jury, he said.

Opponents Denounce Fulbright

By THE ASSOCIATED PRESS

Two of Sen. J. W. Fulbright's opponents in the 1968 elections were among those who criticized the Arkansas Democrat Thursday for his decision to vote for returning the Supreme Court nomination of Judge G. Harrold Carswell to the Senate Judiciary Committee.

Fulbright's 1968 Republican opponent, Charles Bernard of Earle, said he believed Fulbright was dodging the issue.

"A U.S. senator should be willing to take a position pro or con on it and not try to get in a situation where he doesn't have to take a position," Bernard said. "He may be indirectly taking a position, but he in essence is trying to avoid a direct confrontation with the question."

Bernard said he was "inclined to believe Fulbright's decision would not be popular in his home state.

"Fulbright is wrong on damned near everything else," said Jim Johnson, who ran against Fulbright in the 1968 Democratic primary. "It's reasonable to assume that he is wrong on this.

"I had grown rather disgusted with Carswell's vacillation on civil rights," Johnson said. "However, with Fulbright vot-

WR to Let Teacher Pay Raise Stand

By ROBERT SHAW
Associated Press Writer

LITTLE ROCK (AP) — Gov. Winthrop Rockefeller said today that he would permit the teacher pay bill to become law without his signature, but that legislators must bear responsible if the method of providing money for the increase damages the state's fiscal integrity.

Rockefeller had said previously that he was inclined to veto the bill because it represented "fiscal irresponsibility." The proposal will provide teacher salary increases of about $77 a year.

The bill appropriates $2 million from the state Budget Revolving Fund — $1.5 million for salary increases and $500,000 for school transportation aid.

The fund makes loans to state agencies during periods in which tax collections are low and Rockefeller has said the teacher pay bill would reduce the account to a risky level.

"The granting of a teachers raise out of the revolving fund is not the most responsible way to meet the need, but as governor I cannot forever protect the people against their own elected representatives," Rockefeller said in a statement today.

Rockefeller said that if a fiscal crisis results from the measure, he will do all possible to avoid it, but he added, "Then the people will know where to place the responsibility."

The legislature passed the bill after defeating Rockefeller's program to raise state taxes by $35 million in the six-day special session earlier this month.

Rockefeller had introduced a measure that would have provided an average increase of $425 a year, but it was predicated on enactment of his tax proposals.

The bill adopted by the legislature was proposed by Sens. Clarence Bell of Parkin, who was a school superintendent for 24 years, and Thomas Penn, who is school superintendent at Cave City.

"We realize this is not much money," Bell said when pushing for passage of the measure in the special session. "It's just enough to help the teachers get over the increase in the cost of living. But let's show them we want them to have the little bit of money we've got."

Rockefeller said the increase was "piecemeal, inadequate and almost an affront to our teachers," but that it would provide some relief, even if little more than to cover annual dues to teacher and education organizations to which he said the public expects teachers to belong.

"This measure taps a fund already too small for its designed purposes," Rockefeller said. "Because these are recurring expenses being met with nonrecurring funds, it will be mandatory that the next regular (legislative) session enact the revenue reform that the legislature refused to consider this time — regardless of who is governor and who is in the legislature."

Rockefeller said that Dr. Max Milam, director of the state Administration Department, had reported today that the risk to the revolving fund can be minimized.

The governor said that ultimately the legislature was responsible for the fiscal policies and financial integrity of the state.

Over the years, Rockefeller said, Arkansas has had a good record in financial practices and procedures, but that the legislature, without raising additional money, "has presumed to meet many admittedly urgent needs through raids upon certain balances and funds."
